GUIDANCE FOR WRITING A PERSONAL PROFILE

As part of your application, please include a written personal profile with the application form. The personal profile should be approximately 150 to 250 words and should include a photo or image of yourself.

The aim of this is to give the interviewer a picture of you as a person, e.g. something about your life, career, experience of bereavement, what led you to apply to do this course, and what your expectations are of the course.

You could include:

- Who am I?
- Family influences on you
- Experience of diversity
- Support network
- Training
- Work experience
- Strengths, weaknesses, qualities
- Experience of bereavement
- Why attending bereavement-care training now?
- Why bereavement?
- Where to next?

Please keep a copy of this as it will form part of your portfolio for the course.
